

Can you match the colour but not the surface texture? Can you match the surface sheen but not the colour? Do you struggle with both? Do you never know what dyes to use? If you want to acquire a wider a range of inpainting techniques, this is your course.

Held by knowledgeable professionals, it goes deeper into the tools, materials, techniques and tricks. The goal is to infill and in-paint the most challenging losses with confidence and success.

Please submit the [Application form](http://wp.me/P4zghb-Yf) (<http://wp.me/P4zghb-Yf>) before October 30th, 2016. An e-mail will be sent to the participants with further details for the submitting.
